Trade Link ITE sasar jualan RM350 juta sempena MetalTech

KUALA LUMPUR - Trade Link ITE Sdn. Bhd. (Trade Link ITE) optimis capai sasaran jualan bernilai RM350 juta sempena pameran MetalTech 2014 yang akan diadakan di Pusat Dagangan Dunia Putra (PWTC) mulai 21 hingga 24 Mei ini.

Pameran peralatan mesin dan kerja logam terbesar di Malaysia itu merupakan pameran kali ke-20 syarikat berkenaan.

Pengarah Urusan Trade Link ITE, Datuk Albert Lai berkata, pada kali ini syarikat menjangkakan beberapa sektor akan menjadi penyumbang utama sasaran tersebut terutama dari sektor pembuatan, aeroangkasa, farmaseu-

tikal, minyak dan gas (O&G) serta pembinaan kapal.

"Jangkaan ini dibuat dengan mengambil kira keadaan semasa pasaran bagi sektor-sektor berkenaan dari segi permintaan yang kuat dan masih relevan pada masa ini serta akan datang.

"Dengan kehadiran 25,000 usahawan daripada pelbagai industri dan 1,800 pembekal alatan logam dan mesin berteknologi tinggi dari 37 buah negara seperti China, Jerman, Korea, Austria, Singapura dan Taiwan, ia mampu memberi impak yang lebih besar kali ini," katanya.

Beliau berkata demikian kepada pemberita pada sidang akhbar selepas majlis pengumuman pembentukan organisasi Trade Link ITE melalui penggabungan strate-

gik dengan ITE Group PLC (ITE Group).

Turut hadir ialah Pengerusi Trade Link ITE, Datuk Zainal Abidin Ahmad dan Pengarah Rantau Asia ITE Group, Mark Temple-Smith.

ITE Group ialah sebuah syarikat berpangkalan di Britain yang menjalankan aktiviti pameran dan persidangan terkemuka dunia.

Jelas Albert, penggabungan tersebut berikutan sinergi yang ditunjukkan dan usaha untuk melonjakkan jenama pameran MetalTech di persada antarabangsa.

Menurutnya, dalam tempoh tiga tahun akan datang, negara-negara seperti Indonesia, Myanmar dan Kemboja bakal terpilih untuk menganjurkan pameran tersebut.

ALBERT (dua dari kiri) bersama Zainal Abidin (tengah) dan pihak yang terlibat dengan pameran MetalTech di Kuala Lumpur semalam.

ALBERT (dua dari kiri) pada majlis sidang media Metaltech 2014

Kuala Lumpur: Trade Link ITE Sdn Bhd (Trade Link) optimis pameran Pameran Peralatan Mesin dan Teknologi Kerja Logam Antarabangsa Asia Tenggara (Metaltech) kali ke-20 mampu menjana jualan RM350 juta pada tahun ini berbanding RM250 juta tahun lalu meskipun keadaan pasaran jentera dilihat menurun pada separuh pertama 2014.

Pengarah Urusannya, Datuk Albert Lai berkata, syarikat turut yakin acara itu akan menjana transaksi bernilai RM200 juta melalui urusan perjanjian jual beli dan jualan selepas acara iaitu sebanyak RMI bilion bagi sepanjang tahun ini.

"Saya yakin sasaran itu mampu dicapai memandangkan kami turut mem-

bentuk gabungan strategik dengan pameran antarabangsa ITE Group PLC (ITE) untuk menarik lebih banyak penyertaan dalam kalangan syarikat dan pengunjung dari luar negara," katanya pada majlis sidang media Metaltech 2014 di sini, baru-baru ini.

Pameran yang akan berlangsung selama tiga hari pada 21 hingga 24 Mei itu dijangka menghimpunkan lebih 1,800 pembekal kerja logam dan alatan mesin teknologi daripada 37 negara dengan enam negara iaitu Austria, China, Jerman, Korea, Singapura dan Taiwan akan mewujudkan astaka bagi mempamerkan teknologi kolektif masing-masing.

Acara tahunan itu dijangka

menggamit kehadiran 25,000 usahawan daripada pelbagai industri terutama aero angkasa, automotif, laut/ luar pesisir, kerja logam, tenaga, elektrik dan elektronik serta perubatan.

Ketika diminta mengulas mengenai kerjasama dengan ITE, Albert berkata perkara itu dilihat sebagai sinergi baik kerana ia memberi ruang kepada syarikat untuk menerokai pasaran Eropah dengan sasaran lokasi seperti di Rusia dan sekitar Eropah.

"Kami selaku syarikat pameran antarabangsa merancang untuk menerokai pasaran di Indonesia dan beberapa negara jiran lain seperti Myanmar dan Kemboja dalam tempoh tiga tahun akan datang," katanya.

Trade Link yakin jana jualan RM350 juta

Kuala Lumpur: Trade Link ITE Sdn Bhd (Trade Link) optimis penganjuran Pameran Peralatan Mesin dan Teknologi Kerja Logam Antarabangsa Asia Tenggara (Metaltech) kali ke-20 mampu menjana jualan RM350 juta pada tahun ini berbanding RM250 juta tahun lalu meskipun keadaan pasaran jentera dilihat menurun pada separuh pertama 2014.

Pengarah Urusannya, Datuk Albert Lai berkata, syarikat turut yakin acara itu akan menjana transaksi bernilai RM200 juta melalui urusan perjanjian jual beli dan jualan selepas acara iaitu sebanyak RM1 bilion bagi sepanjang tahun ini.

"Saya yakin sasaran itu mampu dicapai memandangkan kami turut membentuk gabungan strategik dengan penganjur pameran antarabangsa ITE Group PLC (ITE) untuk menarik lebih banyak penyertaan dalam kalangan syarikat dan pengunjung dari luar negara," katanya pada majlis sidang media Metaltech 2014 di sini, baru-baru ini.

Pameran yang akan berlangsung selama tiga hari pada 21 hingga 24 Mei itu dijangka menghimpunkan lebih 1,800 pembekal kerja logam dan alatan mesin teknologi daripada 37 negara dengan enam negara iaitu Austria, China, Jerman, Korea, Singapura dan Taiwan akan mewujudkan astaka bagi mempamerkan teknologi kolektif masing-masing.

Acara tahunan itu dijangka menggamit kehadiran 25,000 usahawan daripada pelbagai industri terutama aero angkasa, automotif, laut/ luar pesisir, kerja logam, tenaga, elektrik dan eletronik serta perubatan.

Ketika diminta mengulas mengenai kerjasama dengan ITE, Albert berkata perkara itu dilihat sebagai sinergi baik kerana ia memberi ruang kepada syarikat untuk menerokai pasaran Eropah dengan sasaran lokasi seperti di Rusia dan sekitar Eropah.

"Kami selaku syarikat penganjur pameran terkemuka di Asia Tenggara merancang untuk menerokai pasaran di Indonesia dan beberapa negara jiran lain seperti Myanmar dan Kemboja dalam tempoh tiga tahun akan datang," katanya.

Tahun ini lebih 3,000 produk dan teknologi dipamerkan membabitkan 1,800 syarikat dari 37 negara, katanya sambil menambah pencapaian METALTECH semakin meluas dan dapat dilihat dengan penampilan pameran seperti dari Austria, China, Korea Selatan, Singapura dan Taiwan.

"Tahun ini juga menyaksikan kembalinya astaka Umec dan Busan menjanjikan lebih banyak kandungan pada pameran itu," katanya.

Beliau berkata, penghantaran peralatan yang dipamerkan tahun ini meningkat lebih 90 peratus mencecah 80 tan berbanding 42 tan tahun lalu.

METALTECH 2014 diadakan serentak tiga pameran berkaitan lain iaitu Persidangan dan Pameran Teknologi Automasi 2014 (AUTOMEX 2014) Ke-7 serta Pameran Teknologi Kimpalan 2014 (WELDEK 2014) dan Pameran Teknologi Robotik dan Automasi Antarabangsa Malaysia (LATECH).

Arah akhirnya adalah jelas. Dalam jangka terdekat ini, produk berkualiti lebih tinggi akan dikeluarkan secara lebih pantas dan lebih murah.

Organisasi yang mahu berjaya untuk jangka panjang mesti mampu mengoptimumkan proses produk masing-masing, dan hanya satu faktor menentukan kejayaan - tahap automasi.
