exhibition area

EXHIBITORS

EXHIBITOR PROFILE

Russian and foreign manufacturers and suppliers of the following products / services:

- Equipment and technologies for pharmaceutical production
- Packaging equipment and materials
- Laboratory equipment and reagents
- Cleanrooms
- Turnkey projects/ Engineering
- Equipment for manufacturing APIs
- APIs, pharmaceutical substances, raw materials, ingredients and excipients
- Low tonnage chemistry
- Services and technologies for optimization of logistics processes
- IT products and services
- Recycle and waste management
- Contract services

472
companies

from 14
countries

AMONG EXHIBITORS

Pharmtech: IMA, Marchesini Group, Artlife Techno, Rolstech, Klimaoprema, Sinopharmtech, OMAG, Peter Binder, ECI PACKAGING LTD, Romaco Holding, AVRORA plant, Tofflon, Truking, FrymaKoruma, PADANA Cleanroom, Charles Ischi and others.

Ingredients: Capsugel | Lonza, Catrosa, IMCoPharma, Bright Way Group, BIOGRUND, REATORG, Rettenmaier, ACTICOMP, FarmVILAR, VIDYA RUS, Hetero and others.

More than 200 newcomers: OPM Biosciences (China), ETORCH (China), FROZER (Russia), AI Sedanah Jordan CO LLC (Jordan), UNOPEX (Turkey), VIKING Lab (Russia), Westlab (Belarus), ANUH PHARMA (India), GREEN CROSS EXPORT (India), KAMA (Russia), HLE GLASCOAT LIMITED (India), Cleantech (Russia), Membrane Solutions (United States) and many others.

Indian pavilion and representative offices of the largest manufacturers from: Italy, Germany, Belgium, China, Turkey, Switzerland, Spain and others.

PHARMTECH TUTOR

Pharmtech Tutor - is a unique project that seeks to demonstrate to last-year students the variety of options for their future careers in the pharmaceutical industry. The project has been bringing together higher educational institutions and the industry for more than 10 years now. Considering the great need for skilled personnel in pharmaceutical production today, the role of this project is difficult to overestimate.

In 2023, the project involved over 40 students from:

- I. M. Sechenov First Moscow State Medical University
- Mendeleev University of Chemical Technology of Russia
- Kazan State Medical University
- Yaroslavl State Medical University
- Yaroslavl State Technical University
- P. G. Demidov Yaroslavl State University
- Yaroslavl Industrial and Economic College
- Yaroslavl State Pedagogical University named after K. D. Ushinsky

Pharmtech Tutor 2023 was supported by over 20 companies, including PharmVILAR, Rettenmaier Rus, EAPACK, Capsugel | Lonza, Acticomp, SINGHANIA TABLETING, Elis Cleanroom, Academlab, PHARMTECH Group, Artlife Techno, BIOGRUND, Aurora Plant, Solid Pharma, FPT, ABC, REATORG, OPM Biosciences, ProcessTechEngineering, HLE GIASCOAT LIMITED, Standard Group of Companies, Al Sedanah Jordan.

AWARDS

PHARMTECH & INGREDIENTS 2023:

Pharmtech & Ingredients has been growing and developing together with the pharma industry players for 25 years now. The awarding ceremony of the exposition participants is an essential part of the event providing a pleasant opportunity to summarize the achievements and acknowledge the results.

In 2023, five companies won the following nominations:

- "Best Newcomer" – OPM Biosciences (China)
- "Best Russian Display" – KAMA and Pharmstandard (Russia)
- "The Best Use Of Technology" – BWT (Russia)
- "For High Level of Professionalism" – PECHATNYA. Printing solutions (Russia)
- "For Loyalty and Faithfulness" – Dia-M (Russia);

Individual awards on the occasion of the 25th anniversary of Pharmtech & Ingredients were given to 6 companies for their special contribution to the development of the exhibition:

- IMA SpA
- Marchesini Group S.p.A.
- ECI PACKAGING LTD.
- Artlife Techno
- Erecton
- PHARMTECH GROUP OF COMPANIES

OFFICIAL SUPPORT

Implementation of the strategy for the development of the pharmaceutical industry of the Russian Federation for the period up to 2030 (approved by the Decree of the Government of the Russian Federation of 7 June 2023, #1495-p) promotes the creation, introduction, and use of medicinal products; accelerates the scientific and technological development of the pharmaceutical industry in Russia; and expands the number of organizations that use cutting-edge technologies. It also improves the competitiveness of domestic producers of medicines, which is particularly important in the current market environment to ensure technological sovereignty.

Against all of this, Pharmtech & Ingredients has served as the industry platform, representing the leading domestic technical equipment, contributing to the introduction of modern technologies, the increase in competitiveness of the pharmaceutical industry, and the expansion of public private partnerships. The agenda allows industry professionals to discuss acute issues in the pharmaceutical industry and elaborate on necessary solutions

Deputy Minister of Industry and Trade of Russia,
E.G. Priyezheva
