OIL AND GAS INDUSTRY OF THE REPUBLIC OF KAZAKHSTAN

The Oil and Gas Complex is one of the significant sectors of industry and economics of the Republic of Kazakhstan

TENZIG

is a giant oil and gas field, which is situated 160 km to the south-east from Atyrau city. Total proved reserves of the Tengiz collector equal to 3.2 billion tons (25.5 billion barrels) and 200 million tons (1.6 billion barrels) in the Korolevskoye oilfield.

For the nine months 2018, the oil production on Tengiz was **21.5 mln.tons**.

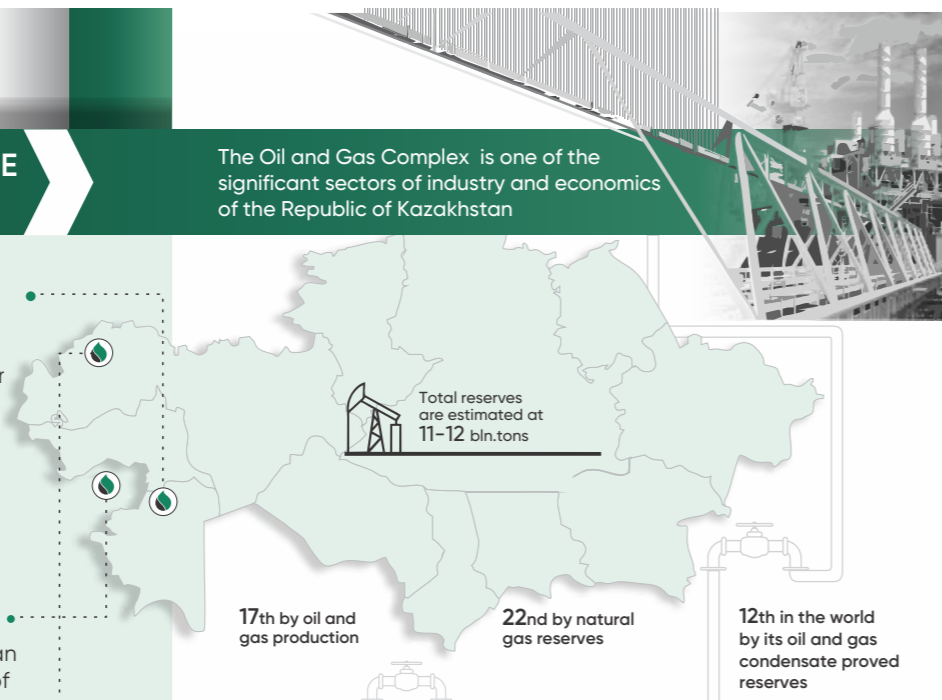

KASHAGAN OILFIELD

is situated in the northern part of the Caspian sea in the territorial waters of the Republic of Kazakhstan and occupies the area of about 75 km x 45 km. Geological reserves of oil are estimated at 4.5 bln.tons of oil.

During the nine months 2018, the oil production on Kashagan oilfield equaled to **9.5 mln.tons**.

KARACHAGANAK OIL AND GAS CONDENSATE FIELD (KOGCF)

situated in the West Kazakhstan region, is one of the largest oil and gas condensate fields in the world and has more than 1.2 billion.tones of liquefied hydrocarbons and over 1.3 tn. cubic meters of gas.

Almost 70% of those resources are concentrated in the western regions of Kazakhstan

About 200 oil and gas fields are located in the territory of Kazakhstan

Participating companies
252

Exhibition area
4 071 sq.m

Number of visitors
3 723

Participating countries
16

Number of speakers
42

Number of delegates
410

The official support for KIOGE is annually provided by the key industry bodies of the Republic of Kazakhstan:

KazMunaiGas National Company, KazRosGas, Tengizchevroil, NCOC, Karachaganak Petroleum Operating (KPO), Dow, ABB, Mckinsey&Company, SAP, Lukoil, Bonatti, CNPC, Caspian Pipeline Consortium, Embamunaigas, FLUOR, Gaspromneft, SIEMENS, Schlumberger, TMK, Transneft, Uzbekneftgas, Worley Parsons, Baker Hughes a GE Company and many others.

SECTORS BEING INTERESTING FOR THE VISITORS OF KIOGE 2018

1520	Oil companies
1133	Oil and gas equipment
675	Exploration and Production
639	Drilling and well construction
638	Power-generating facilities, electrical equipment, and services
606	Engineering Design/Industrial facilities/Construction
605	Oil refinery, petrochemical, and gas-processing plants
504	Oil and Gas Transportation
478	Automation/Equipment
445	Information Technologies, Telecommunications
444	Service providers and services (training/maintenance)
407	Instrumentation
388	Pipelines – construction/technologies/maintenance and repairs
382	Oilfield services
342	Corrosion protection and insulating protective equipment
334	Geophysical studies
308	Occupational safety and environmental protection
278	Welding and welding works
156	Governmental agencies/trade organizations and professional services
152	Marine equipment and services

CONTENT - PROGRAM

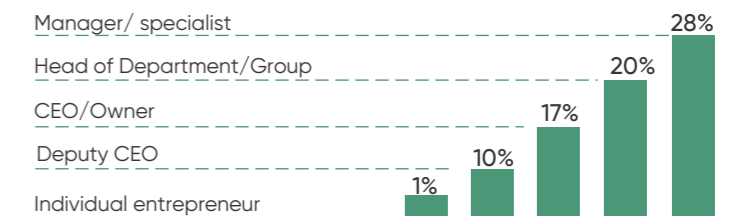

Exhibition Business Program

Twelve workshops from the leading industry companies, such as Tengizchevroil, North Caspian Operating Company (NCOC), Wonderware Kazakhstan, Sealweld and many others were held within the frame of the exhibition business program and actively supported by the flagships of the domestic digitalization Embamunaigas JSC.

Oil and Gas Technology Conference

The main idea of the conference was growth drivers of the oil production industry, its digitalization, changes in legislation, investment environment, oil service, and transportation.

DISTRIBUTION OF VISITORS BY THE LEVEL OF JOB TITLE

LEVEL OF DECISIONS MADE REGARDING PURCHASES AT THE EXHIBITION
