- machinery and equipment for mineral exploration
- IT technology and industrial automation systems
- technologies for mining safety
- water and air purification systems
- laboratory equipment and materials
- equipment for power supply of mining enterprises
- construction technologies in mining

National pavillions: Germany, Australia, France, China, Italy, Austria, Canada, Czech Republic

Exhibit at MiningWorld Russia at special exposition «Heavy Equipment Territory»

73% (4 316) of visitors visit the exhibition for purchasing equipment and obtaining general information

68% (3 725) of visitors have the authority or influence decisions about purchasing equipment for their businesses

60% of visitors are new visitors

57% (3 582) of visitors are CEOs and top-management

Products of interest to visitors at MiningWorld Russia:

Machines and equipment for open mountain works	2 674
Machinery and equipment for mineral processing	2 346
Machinery and equipment for mineral transportation.....	2 341
Machinery and equipment for underground mining operations	2 256
Machinery and equipment for field exploration.....	1 934
IT technologies and automation of technological processes in the mining industry	1 412
Equipment to ensure security mining	1 196
Materials and equipment for construction of mining enterprises	1 231
Water and air purification systems and environmental monitoring.....	1 001
Laboratory equipment and materials	975
Power generating equipment	829
More	210

Visitors geography:

Exhibiting at MiningWorld Russia is the opportunity to:

- Present yourself and showcase your company's products to a wide audience of mining professionals
- Expand your business opportunities with new contracts with clients attracted at the exhibition
