KEY ADVANTAGES OF REBUILD HEALTH WITHIN PUBLIC HEALTH

Scale and synergy with a leading healthcare exhibition

ReBuild Health is integrated into Public Health – one of the largest medical exhibitions in Ukraine

- ✓ Access to a wide audience (doctors, clinics, distributors, manufacturers) – 5,504 visitors in 2025
- ✓ Higher visitor traffic – 38 attendees per stand
- ✓ Over 300 participants - manufacturers and distributors of medical, laboratory and dental equipment and materials
- ✓ Connecting different segments of medicine, not only recovery

Public Health brings together:

Medical
equipment
manufacturers

Healthcare
institutions

Government
and donor
organizations

KEY ADVANTAGES OF REBUILD HEALTH WITHIN PUBLIC HEALTH

Practical focus on projects and funding

ReBuild Health offers a concrete tool – the «**Communities Marathon**»
In 2025, **12 Ukrainian municipalities** presented their projects to donors

Presentation of real projects from communities and hospitals

Direct pitching to donors

Discussions on grants and funding for 2026

KEY ADVANTAGES OF REBUILD HEALTH WITHIN PUBLIC HEALTH

Donor and investor base

ReBuild Health is aimed as a platform connecting hospitals, communities, and international organizations
